What helped you learn in this course?

"The instructor's detailed feedback in regards to writing and assignments was extremely helpful."

"I thought that the professor requesting that we respond to each announcement post was very effective. This way I felt more pressed to read the announcements carefully instead of putting it off as something I would do later. And considering how these announcements were filled with crucial information concerning our assignments, I was sure to read and re-read everything."

Which elements of this course contributed most effectively to your learning?

"My instructor, who was understanding and cooperative regarding deadlines in response some ... mayhem I encountered, however not flexible regarding grading. This forced me to get a grip and take requirements seriously. Which I appreciate."
